

Indian Association of Physics Teachers Workshop

On 15th April, 2017, Mr Rajeev Agarwal, attended a workshop organized by IAPT at Navyug School, New Delhi. Delegates from 80 schools from Delhi & NCR participated in this enriching workshop. It was the 5th Workshop organized in memory of Prof. Ved Ratna, the founder of IAPT (Indian Association of Physics Teachers). The objective of the workshop was to improvise the stratagems of teaching Physics in the classroom. The resource person, Prof. D.K. Awasthi, Director of Nano Technology Department (Amity University) gave a lecture based on Nano Technology. Dr R.K. Awasthi demonstrated a few science activities to augment the teaching learning process used in the class rooms.

Ecovisionaire

A workshop, ' Ecovisionaire' was organized by CBSE for the Economics teachers on 25th April, 2017 at Ramjas School, Sector 4, R. K. Puram to discuss the change in syllabus and pattern of Economics Question Paper. The workshop was attended by Veenu Agarwal, PGT Economics from Delhi Public School Ghaziabad. The teachers also discussed the projects that can be incorporated in the school curriculum to enhance the practical learning of the subject.

Career Counseling

A mind troubled by doubt cannot focus on the course to victory.

Freedom is realising you have a choice. DPSG Ghaziabad in its endeavour to apprise the students about Career options open after Class XII, conducted an interactive session alongwith IMS-the pioneers in entrance exams preparation. The faculty of IMS made the students aware about various entrance exams for Management Courses like SET for Symbiosis, Noida and Pune, BMS Entrance Test, St. Xavier's, Mumbai, Jamia Millia Islamia, Christ University –CET Bangalore. The facilitators from IMS discussed the pattern of various entrance

exams. Students were acquainted with career options open for a Law graduate in Law firms, Judiciary, Advocacy, Corporate Consultancy and International Organizations.

Curriculum Key Features
