Science Week

The important thing in science is not so much to obtain new facts as to discover new ways of thinking about them.

Keeping in sync with the theme, Science Week was celebrated at DPSG from 24 April, 2018 to 2 May, 2018. The aim of celebration was to enthuse students and get them involved in the global scientific perspective as well as stimulate their understanding of how science impacts their future and daily lives.

To foster the scientific knowledge among students, an Interactive Science Show was held wherein first position was bagged by students of class VIII E, second position by class VIII H. Students of class VIII F and VIII H shared the third position.

A Guest Lecture was delivered by Mr Kailash Chandra from National Science Centre on the topic – *Our Science and Technology Heritage*. An Inter House Science Model Making competition saw students from all seven houses participating enthusiastically. They explained the scientific concepts behind their working models. They also presented some of the innovative and revolutionary ideas on sustainable development. Dr Garima Singh, a parent volunteer motivated the students and emphasized on the fact that students are the agents of change.

An Inter house Science Quiz was held for students of class VII. The winning teams were students from Godavari House at first position followed by Ganga House and Cauvery House at second and third positions respectively.

Students of class IX conducted a special assembly on the theme *Sustainable Development*.

Week long activities provided all students with the opportunity to develop their abilities of scientific inquiry. The week culminated with the thought that science is a beautiful gift to humanity and hence we should not distort it. It was a week of fun based learning experience.
